Kindergarten Readiness Collaborative (KRC)

Early Literacy Impact Report Oct 1, 2019 - March 31, 2020

COVID19 Update

As a result of the COVID 19 situation that our county and our county is facing, the Kindergarten Readiness Collaborative has:

- **Developed "learning kits" for families to use at home with their children.**
 - These kits include books, activity sheets, games, developmental milestone materials, and school supplies.
 - As of March 31, 2020 our Early Literacy Specialists in Gifford and Fellsmere have distributed a total of 20 learning kits (15 in Gifford, 5 in Fellsmere).
 - Our team personally calls the family to agree on a drop of time and then leaves the kit at the door in order to practice social distancing guidelines.
 - Each family receives a follow-up call to ensure that the materials have been received and to provide any necessary support on how to use these.
 - Our next drop off will be in May with a new kit.
- **Launched a social media campaign through our Facebook page to help educate our families about the importance of handwashing (reaching 9,893 viewers).**
 - To date our English handwashing song with "The Wiggles" has reached 3,975 viewers.
 - Our Spanish handwashing song with "Plaza Sesamo" has reached 5,918 viewers.
